## Part-time - Paying for your course

**One of the key things to organise is the payment of your tuition fee. There are three ways you can do this – by taking out a student loan, by sponsorship from an employer, or by paying for the course yourself.**

### Taking out a student loan

Student Finance England administers the loan system for Higher Education.

Your course is counted as a Part-time course. Therefore, you will need to follow this link to complete the relevant paperwork <https://www.gov.uk/apply-for-student-finance>

The earlier you apply the better.

### Being sponsored by an employer

If you are being sponsored by an employer, you will need to bring a letter to this effect to enrolment. You can provide the letter before this if you wish by sending it addressed to Learner Services, Derby College Ilkeston Campus, 2 Pimlico, Ilkeston, Derbyshire, DE7 5JS.

### Self-Funding

If you are paying for your course yourself then you will need to bring you bank details or a credit card to enrolment. Instalment plans may be available and it is advised you talk to Learner Services about this.
